

PROTEIN FOR EVERYBODY

NiHTEK®

PROTEIN FOR EVERYBODY

Bringing dairy and non-dairy consumers together with a common cause to help save the planet without sacrificing taste or nutrition quality. Introducing NiHTEK®'s branded ingredient, Hydrolyzed NiHPRO™ Protein Isolate.

Delicious milky fresh taste

100% natural non-dairy protein

25g protein complete protein source

NiHPRO® is a highly versatile protein option that caters to a wide range of dietary needs and preferences.

NiHPRO® is neither a dairy protein nor a vegan protein, but it is dairy- and vegan-friendly. It is 100% lactose-free and free from GMOs and the world's top 24 food allergens. This innovative protein ingredient was developed over five years using proprietary Molecular Protein Infusion (MPI™) technology. As a result, it stands apart from standard whey protein isolate (WPI) and traditional vegan protein formulations.

• **Lactose-Free and Allergy-Friendly:** NiHPRO® is ideal for individuals with dairy sensitivities or allergies, as it is entirely free from lactose and allergens.

• **Perfect for Women:** NiHPRO® is beneficial for females, especially those who experience bloating from traditional dairy proteins. As lactose intolerance becomes more prevalent across all age groups and demographics, NiHPRO® provides a comfortable, digestive-friendly alternative.

• **Fat Loss and Low-Glycemic Diets:** For individuals aiming to lose fat or maintain a low-glycemic lifestyle, NiHPRO® is the perfect solution, as it is 100% sugar-free, unlike dairy proteins that contain some level of sugar.

NO WAY! IT'S NOT WHEY

Forged By Nature
Backed By Science

NiHPRO™ Protein Isolate is:

- 85% Protein Purity.
- Dairy-Free "Whey", 100% Lactose, Allergen and GMO-Free.
- 1 PDCAAS/116 DIAAS.
- High L-Leucine Content (like whey protein).
